Every installed Quick Draw Tarpaulin System in the QHK model series comes standard with the following components and features *:

- ☑ 4" aluminum track mounted on each side of vehicle
- ☑ Track comes with plastic runner on top surface and 1-3/4" rubber weather seal
- ☑ Aluminum headboard** with 2 pull bars, 4 headboard straps and 2 ratchet pipes to provide tension to the front of the tarpaulin system
- ☑ 2 amber clearance lights (one mounted on each bottom corner of the headboard)
- ☑ One winch bar (loose tool) used to operate the ratchet pipes on the headboard
- ☑ A pair of steel rear braces to provide tension to the back of the tarpaulin system
- ☑ One crank handle (loose tool) used to operate rear braces
- ☑ One aluminum 16" wide front bow
- ☑ One aluminum 16" wide rear bow with adjustable aluminum tarpaulin connector
- ☑ X-brace straps are included with rear bows on 8', 10' and 12' height systems only ***
- ☑ Intermediate aluminum bows spaced nominally every 8' along the length of the vehicle ***
- ☑ All bows use die cast aluminum corners
- ☑ 2 point aluminum lifter bows mounted between each pair of bows to lift tarpaulin when the system is collapsed
- ☑ All lifter bows use molded plastic corners
- ☑ Steel carriers mounted on the bottom ends of each bow
- ☑ 4" top running wheels mounted on each carrier
- ☑ Guide wheels mounted on the bottom of each carrier
- ☑ 20.5 Oz vinyl tarpaulin including skylight
- ☑ 20.5 Oz vinyl back flap
- ☑ Pair of 20.5 Oz vinyl rain flaps to ensure proper water resistant closing of back flap
- ☑ One roll up handle (loose tool) for back flap mounted near back of vehicle
- ☑ 4 pull handles (one on each bottom corner of the system) made from vinyl and nylon used for opening and closing the tarpaulin system, water sealing and stabilizing the roll up handle
- ☑ 1 year warranty against manufacturing and installation defects
- ☑ 5 year warranty on some components including 4" top running wheels, bearings for 4" top running wheels, die cast corners and intermediate bows
- ☑ 6 month and 12 month FREE inspection and minor adjustments
- ☑ Driver training provided with each system
- ☑ Operator's manual
- ☑ Every system includes a manufacturer's tag (located on headboard) with a serial number that is used to track information on exact system specifications, options and repair work

* All listed components and features included in base price. Specifications as of January 23, 2007. Specifications may change at anytime without notice.

** Headboard is not D.O.T. approved. D.O.T. approved headboard can be purchased as an option.

*** Tarpaulin systems for drop deck flatbeds (QDK model series) have the same specifications as QHK model series except different specifications for bows and nominal bow spacing. Tarpaulin systems for double drop flatbeds (QDD model series) have the same specifications as QHK model series except different specifications for bows and nominal bow spacing. QDD model series include 3 pairs of X-brace straps.
